Bates on the Western Reserve. great fear has been that these people might, plied, bolt his nomination. We do not believe

they will. We notice that a correspondent of the St. Louis Democrat, writing from the Reserve, part of that section, and finds that Judge varia (his family now residing in Philadel-Bates is the choice of a large portion of the phia,) Ted in the attack on the Corsairs voters. The correspondent further says:

non-corruption of demagogueism.

Convention, spreads like wild-fire, and "takes superbly." Many of the "rankest Abolitionists" are becoming conservative, and throw up their hats for Judge Bates, since the publicity of his letter; it is doing a fine work in the Northern States.

few miles of Oberlin, the hot-hed of Abolitionism. He is intimately acquainted with public sentiment up there, and says that if
Mr. Bates should be nominated at Chicago,
he will be supported by the Republicans of
the Reserve. He does not think that any of the abolitionists, except perhaps a few of the Garrisonian lunatics, would think of running a third ticket. He thinks Judge Bates would bring out the full Fremont vote, if not more, in Northern Ohio.

The people up there are really moderating their extreme notions of late.

the only agency in this city. Thur, Scantlin's, No. 29 Main street, between First and Second The first premium was awarded to this Stove as The best coal or wood cooking stove at the Southwestern Indiana District Fair, held at this place.
No stove ever devised combines as numerous or
important scientific principles as this of Stewart's
It broils, belis, bakes and reasts at the same mo-It equits, belies takes and reasts at the same moment, without ease dish imparting flavor teamother, or producing that success of taste in ments and gravies, which, to the delicate and fasticious of laste, makes so insuperable an objection to every other cooking stove now in use. With one-fourth of the feel employed in the lest of stoves now in use, this must perfect and complete cooking apparains performs, simultaneously and more perfectly than has ever before bean accomplished, everything required in the last provided families, so far \$5 cooking is concerned. When, too, \$5 is horne in mind that the most delicate females can visit the kitchen when the Stewart Stove is fally employed, and the fire is at its height, without the smallest mulessaminous from the change of temperature, so little is the heat from it diffused externally, an inducement is presented for its universal employment never herefolore presented in any other stove. That, indeed, is one of its principal attractions, as well as its greatest wonder, how hat is so econo-That, indeed, is one of its principal attractions, as well as its greatest wonder, how he at is so economized and diffused within the stove itself, and so little perceptibly escapes into the kitchen, a place where, with any of the stoves now in use, other than Stewart's, it is scarcely possible for any one, in warm weather more particularly, to breathe with comfort.

For 29 years Mr. Stewart has been employed in perfecting this stove, and since best February, he has obtained three new patents for improvements, which, in his opinion, and the opinion of all who have examined it, made it perfect. Within four jears heady thousand of them have been seld, under a full grarantee, and not one has been returned. These remarkable results have emboddened a host of stove manufacturers to imitate the Stewart Stove, but, save in exterior muserance, which the old but, save in exterior appearance, which the old patents imving expired) enables them to give, they to more rescribe Stewart's than chalk describes. These initations are known by various mones, but they are all deficient in various perticulars, such as the air-light boxes, by which full control is kept over the fire, and of the heat, by a draft damper, ingeniously contrived, which also admits a constant current of cold air on the outside of the fire box, which again becomes heated air, and, passing into the oven, is made available for cooking purposes.

Personally appeared T. C. Alley, Secretary of the personally appeared T. C. Alley, Secretary of the present the property of the control of the fire box.
